

GET CONNECTED

with CEDEC

Connecting people to possibilities

We deliver:

- ➔ *Visibility and promotion for your brand prior to event*
- ➔ *Turn-key or tailored collaboration*
- ➔ *Opportunities to share your mission and interact with potential candidates, other employers and key organizations*
- ➔ *Post-event evaluation and follow-up with collaborators and participants*
- ➔ *Added value to your job fair / salon investment*

Are you seeking qualified, bilingual or multilingual candidates? We can help you GET CONNECTED to the right talent for your business.

Our informal events enable you to meet candidates who want to meet you. Together, we can leverage a network that stretches into communities across Quebec. With CEDEC on board, access a broader, bilingual / multilingual audience.

Promote your company's culture. Discover what potential candidates are looking for in an employer. Spot candidates with the language skills you need. Gain insights to make your recruitment pitch stand out from the crowd.

Break the ice and identify potential candidates to interview during a Get Connected 5@7. Find out how they found you and why they want to join your team.

Share your hiring practices and how you want to be approached during a Get Connected Employer Panel. Connect with other employers. Share insight with candidates who want to develop a winning pitch.

At a Get Connected - Rendez-vous avec les employeurs we hand you the mic to share your vision and hiring needs. Then we invite you to take questions from the audience.

GET CONNECTED events happen in connection with job fairs or salons.

CEDEC is seeking to collaborate on opportunities to improve access to quality jobs that require English-language skills. Start leveraging the economic benefits of having a more diversified team.
